NOTES:

Unless otherwise indicated, all rates are pursuant to Idaho Public Utilities Commission Dockets:

A AT&T Arbitration Docket USW-T-96-15, Order No 27738, effective September 17, 1998.

B Cost Docket QWE-T-01-11, Order No. 29408 (January 5, 2004) rates effective January 5, 2004.

Voluntary Rate Reduction, Docket USW-T-00-3, effective 6/10/02. Reductions reflected in the 5/24/02 Exhibit A. ## Second Voluntary Rate Reduction, Docket USW-T-00-3, effective 6/7/02. Reductions reflected in the 7/10/02 Exhibit A. ### Third Voluntary Rate Reduction, Docket USW-T-00-3, effective 12/16/02, Reductions reflected in the 10/16/02 Exhibit A.

[1] TELRIC rates proposed in Cost Docket QWE-1-01-11 testimony filed on November 12, 2003. The case was bifurcated and the rates using this footnote are proposed in Phase 2 of the cost docket.

[2] Market-based rates.[3] ICB, Individual Case Basis pricing.

	Recurring	Recurring, per Mile	Non- recurring	REC	REC, per Mile	NRC
[4] The State of Idebe has retained the everyight on these rates. These rates are not under the juvindiction of the ECC						

- The State of Idaho has retained the oversight on these rates. These rates are not under the jurisdiction of the FCC [5] FCC ordered rates pursuant to the FCC's Order on Remand and Report and Order (Intercarrier Compensation for ISP-Bound Traffic) CC Docket 01-131 (FCC ISP Order), effective June 14, 2001.
- [6] Effective August 1, 2003, Qwest will no longer bill the recurring and nonrecurring charges for Channel Regeneration. Qwest reserves the right to revert back to the contractual rate only after appropriate notice is given.
- [7] The preliminary Quote Preparation Fees (QPF) are included in the space construction charges. Upon completion of the collocation construction, the QPF will be credited to the final space construction charge for the virtual, caged or cageless collocation job. These engineering and planning charges are also included in the Virtual, Caged and Cageless Quote Preparation Fees.
- [8] Effective 11/04, Qwest will no longer perform Bridge Tap and/or Load Coil Removal (Conditioning) to facilitate provisioning of its Qwest Retail DSL offering. In order to permit CLECs to provision their own xDSL Capable Loops, Qwest in now re-instituting the charge to continue Conditioning for the 2/4-Wire Unbundled Loop, ADSL Compatible Unbundled Loop, ISDN (BRI) Capable Unbundled Loop, xDSL-I Capable Unbundled Loop, Non-Commercial Line Sharing, Line Splitting, Non-Commercial Shared Distribution Loop and Loop Splitting, effective 3/14/05. Qwest can't bill the REC rate structure, but will bill customers the lower of the two rates.
- [9] Qwest is voluntarily reducing this rate in order to keep rate relationship with the Fiber Transport "per Pair" rate element.
 [10] Qwest has not implemented this UNE rate or charge in its billing system but reserves the right to assess such a charge in the future.
- [11] All technically feasible Vertical Switch Features are available with compatible unbundled switch ports. No monthly recurring charge applies for Basic Vertical Switch Features. Only basic Vertical Switch Features with nonrecurring charges are listed. Nonrecurring charges are applicable whenever a feature is added - whether on new installation, conversion, or change order activity. Vertical Switch Features not listed are included in the cost of the switch port and have a rate of zero for both recurring and nonrecurring charges.
- [12] The Premium Port monthly recurring charge applies in addition to the Analog or Digital Line Side Port recurring charges when Premium Features are ordered with analog or digital ports.
