	RECURRING	RECURRING per MILE	NON RECURRING	REC	REC per Mile	NRC
--	-----------	-----------------------	------------------	-----	-----------------	-----

A: Cost Docket RPU-96-9 Effective 12/8/98
B: Cost Docket RPU-01-06 Effective 4/26/02

Docket TF-02-202 Voluntary Rate Reduction. Effective 6/5/02 and reductions are reflected in the 5/24/02 Exhibit A

Docket TF-02-202 Additional Voluntary Rate Reduction. Effective 6/5/02 and reductions are reflected in the 8/5/02 Exhibit A.

Docket TF-02-202 Third Voluntary Rate Reduction. Effective 12/18/02/02 and reductions are reflected in the 10/18/02 Exhibit A.

[1] Rates not addressed in Cost Docket (estimated TELRIC)

[2] Market-based rates

[3] ICB, Individual Case Basis pricing

[4] Rates per FCC Guidelines, 2004 & 2005 rates revised in 2/25/04 Exhibit A to reflect newly calculated rates.

[5] Iowa is a bill and keep state.

[6] All technically feasible Vertical Switch Features are available with compatible unbundled switch ports. No monthly recurring charge applies for Basic Vertical Switch Features. Only Basic Vertical Features with non-recurring charges are listed. Nonrecurring charges are applicable whenever a feature is added - whether on new installation, conversion, or change order activity. Vertical Features not listed are included in the switch port and have a rate of zero for both recurring and nonrecurring charges.

[7] A special request is a request by the customer to perform something that is technically feasible but the process and pricing are not yet in place.

[8] Rate has been ordered in a different section and is being used due to similar characteristics of the element.

[9] The preliminary engineering and planning costs are included in the virtual, caged and cageless space construction charges. These engineering and planning charges are also included in the virtual, caged and cageless quote preparation fees. Upon completion of the collocation construction, these quote preparation fees will be credited to the final space construction charge for the collocation job.

[10] Qwest will not charge for this element until the Board has an opportunity to review and approve a rate.

[11] Effective 8/1/03, Qwest will not charge the Channel Regeneration charges of: DS1 REC at \$2.68, NRC of \$492.17 and DS3 REC \$8.42, NRC of \$1861.93 that were approved in Docket No. RPU-01-6. Contract amendments to remove the charges are not required. Qwest reserves the right to revert back to the contractual rate only after appropriate notice is given. Future regulatory rulings and/or events may be subject to the conditions described under "Change in Law Provisions" of the SGAT (Section 2.2) or the applicable interconnection agreement.

[12] Qwest is reinstating the Cable Unloading and Bridge Tap Removal Charges effective 3/14/05.
