How to Allow Pop-Ups From a Specific Web Site

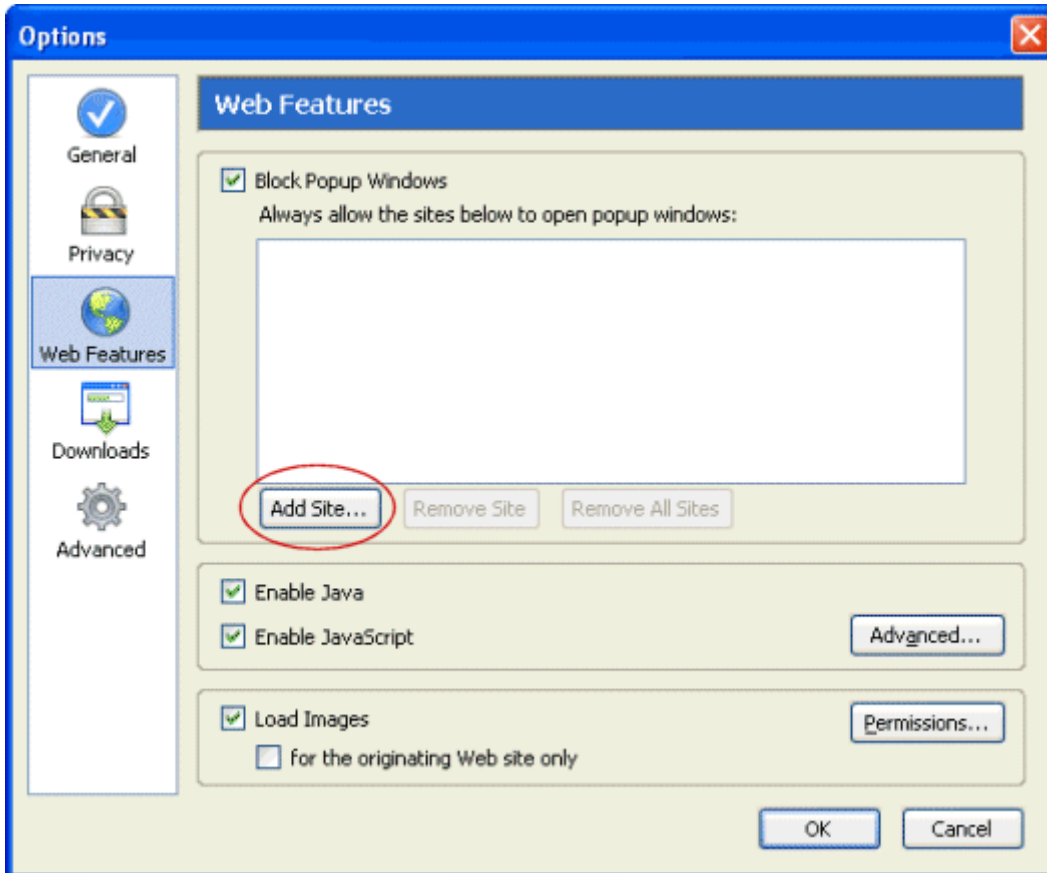

1. Select **Options** from the Tools menu.

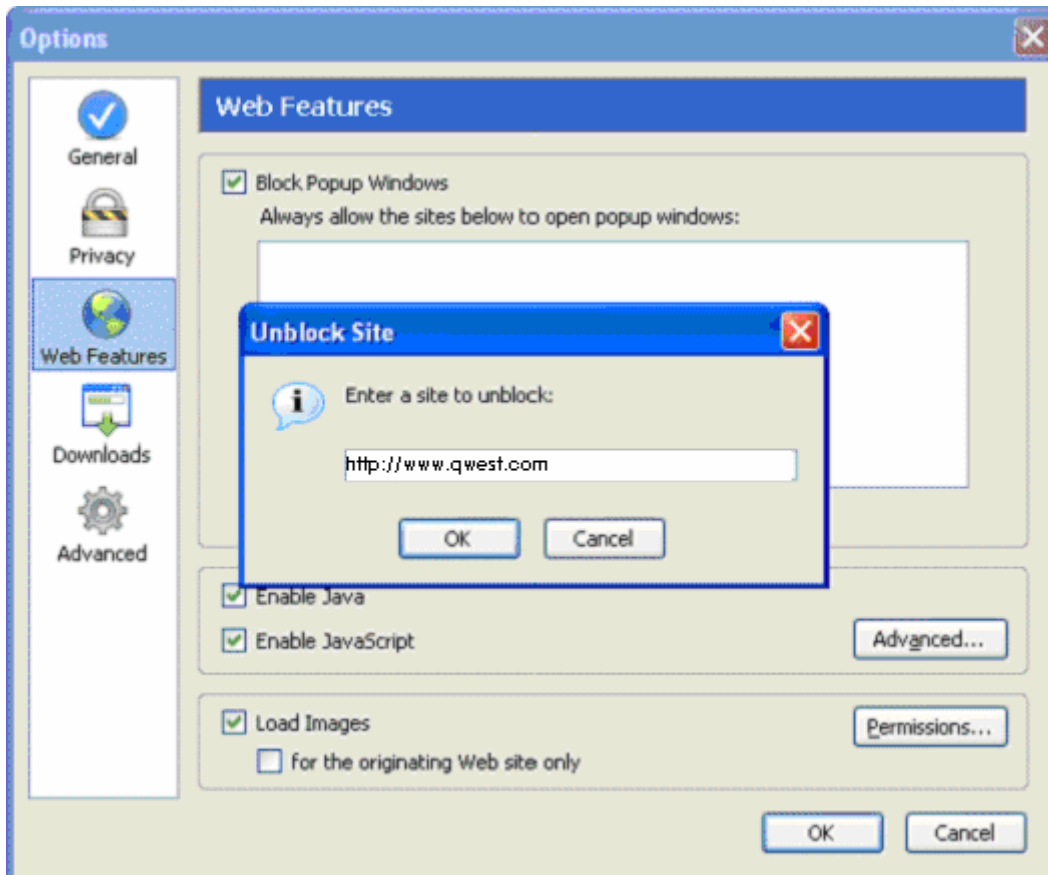

2. Select **Web Features** from the menu options on the left.

3. Select **Add Site**.

4. Type the **Web site address** from which you'd like to allow pop-ups. Select **OK**.

5. Repeat Steps 3 and 4 to add more sites.
6. When you're finished adding sites to unblock, select **OK**.
