

# QWEST iQ MANAGED VoIP BUNDLE

Expand your office. Connect from virtually anywhere with Qwest.

## PRODUCT OVERVIEW

If you are frequently away from the office, or if you travel, you know that a missed phone call, e-mail or critical data can mean a missed business opportunity. Now with the Qwest iQ™ Managed VoIP Bundle, you can answer the needs of customers from almost anywhere. Qwest iQ™ Managed VoIP Bundle is an all-in-one, scalable and flexible turnkey solution tailored to meet your unique business needs. The Managed VoIP Bundle combines all of your local, long distance and Internet needs into one powerful, integrated and managed communications platform — you get the best of both worlds in one simple and cost-effective solution.

## MANAGED VoIP BUNDLE

Simplifies your communications, so you can respond to your customers quickly and easily. You make local and long-distance calls using an Internet connection, which gives you the flexibility to manage calls and voice mail with just a few clicks of the mouse. With the Managed VoIP Bundle, you can route calls to follow you where you go.

## MANAGED VoIP BUNDLE IS YOUR COMMUNICATIONS SOLUTION

The Managed VoIP Bundle brings it all together, integrating your voice and data communications over a single network service to meet the unique needs of your business today and tomorrow.

## QWEST iQ™ MANAGED VOIP BUNDLE EXCEEDS YOUR COMMUNICATIONS EXPECTATIONS:

- Qwest® manages the platform that enables the growth of your business—without an expensive equipment overhaul. And per-station/per-seat pricing with a capacity of up to 200 stations gives your business room to grow.
- Provides a Web-based portal giving you control to manage your local, long distance, voice and office features to meet the real-time needs of your business so you can respond to your customers quickly and effectively.
- A solution you can count on. This network-based product delivers functionality to your business with fast Internet access and industry-leading quality of service backed by service-level agreements and 24/7 telephone technical support.
- An affordable and cost-effective communications solution. When you combine Internet and phone service into one managed solution, your business saves big. Compare Qwest iQ™ Managed VoIP Bundle costs to other providers.

Make the most of opportunities today and tomorrow with this all-inclusive, cost-effective, scalable and flexible communications solution.
